

Dear Parents and Carers,

Firstly a huge Welcome to West Earlham Junior!

The children have come into school and settled really well. All week we will be doing activities to help them find their bearings and get used to new routines. Our priority is to make sure the children are settled, confident and happy in their new school.

Thank you for helping your child settle by making sure they have a coat and a lunchbox with them every day. They won't need anything else with them. Please remind your child not to bring in pencil cases. They have all the equipment they need in school.

Children have a water bottle in school, which is washed and refilled every day.

At the Junior School we wear school shoes all day so the children will not need a change of footwear.

If your child is going to be away from school for any reason please phone the school office on **(01603) 454569** to let them know. The school office opens at 8:00am.

***PE day is Monday,*** so on Mondays please send your child to school in their PE kit. They can wear a sweatshirt and joggers when the weather is cold. Please also remember their coat!

## Home Learning

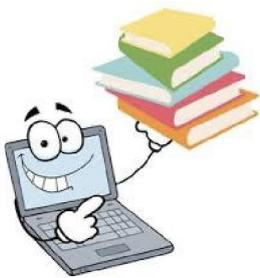

Because we cannot send things home in the same way we used to this half term we are sending home a pack of useful things to help your child with their learning at home. Please spend some time at home helping your child complete the activities.

The pack will include:

**Number work, Times Tables Activities, Spelling lists.**

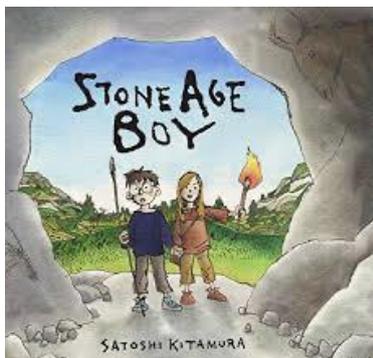

There are also many resources on the school website: [wejs.co.uk](http://wejs.co.uk) in the learning section. Please do have a look.

**MyON** Over the next couple of weeks we will be getting your child up and running with an online reading platform called MyON. This will mean that they have access to lots of books to read at home even though we cannot send real books home at the moment. Please look out for further information.

## Learning This Term:

This term year three will be learning about life in Stone Age times.

We will be finding out about how Stone Age people lived. We will even imagine what it might have been like to wash a woolly mammoth! One of the books we will be using is Stone Age Boy. If you would like to research the Stone Age times at home we would be very pleased to hear about what you have found out! You can hear the book being read at the link below:
