

# Fresh Ideas Feeding Minds

Dear Parent, Carer or Guardian,

We are Norse Catering, your school's chosen caterer and we provide your child/children with tasty, nutritious, and varied school meals.

We would like to make you aware that from 1<sup>st</sup> April 2025, the paid meal price for a two-course school meal will be increasing to £2.70. This increase does not affect children who receive universal infant free school meals in Reception, Year 1 and Year 2 or benefit-related free school meals.

Whilst we understand an increase in price is undesirable, please be assured we have tried our best to keep the meal price lower than the national average.

In terms of value, we continue our commitment to sourcing high quality ingredients from local suppliers, as well as adhering to the school food standards to ensure we are serving nutritious menus and suitable portion sizes.

If your circumstances have changed recently, please do visit [www.gov.uk/apply-free-school-meals](http://www.gov.uk/apply-free-school-meals) to see if you are eligible for free school meals.

We hope your child/children continue to enjoy their school lunches with us and that they feel fuelled for learning.

Best wishes,

Norse Catering
